# Vaishnavi Thottupurath Vasu

**Date of birth:** 15/08/1994 | **Phone number:** (+91) 9048045015 (Mobile) | **Email address:** vaishnavivaishu115@gmail.com | **Website:** https://vaishnavivaishu115.github.io/portfolio/ | **LinkedIn:** click me | **Address:** Thottupurath house, 680668, Thrissur, India (Home)

## ABOUT ME

Motivated student with a Master's degree in Supply Chain Management, with an academic background in management and project management. Seeking to expand my technical knowledge in cybersecurity through higher education and build a strong foundation for a career in cybersecurity.

## WORK EXPERIENCE

### AUTOMATION ENGINEER – OXFAM GB – 22/11/2022 – 17/10/2025 – OXFORD, UNITED KINGDOM

- Translated business and functional specifications into risk-based test strategies, BDD scenarios, and executableacceptance criteria aligned with Agile delivery.
- Developed and scaled automation frameworks using Selenium (C#), Rest Assured (Java), and Postman, applyingPage Object Model and modular design principles.
- Integrated test automation into Azure DevOps pipelines (pull request and nightly builds), ensuring seamlessCI/CD integration and early defect detection.
- Optimized UI and API regression suites, reducing manual regression time from 3 weeks to 2 days andeliminating flaky tests through code reviews and root cause analysis.
- Implemented performance testing with JMeter, profiling DB/CPU usage to tune connection pools; achieved p95≤ 300ms and under 60-user load.
- Led incident triage and problem management in ServiceNow, maintaining >95% SLA compliance for P2/P3 incidents.
- Validated data integrity using Oracle and SQL Server (SSMS); implemented SQL-driven verification in regression and API contract tests.
- Managed version control with Git/Azure Repos, enforcing code review discipline and maintaining branch quality.

### SOFTWARE TESTER – COGNIZANT TECHNOLOGY SOLUTIONS – 22/06/2015 – 04/08/2021 – CHENNAI, INDIA

- Performed functional, regression, integration, and ad-hoc testing of software applications.
- Analyzed requirements and prepared detailed **test cases and test scenarios** based on business and functional requirements.
- Executed test cases and documented test results, defects, and observations.
- Participated in **Scrum ceremonies**, including daily stand-ups, sprint planning, sprint reviews, and retrospectives.
- Worked with **Jira** for defect tracking, task management, and monitoring testing activities.
- Worked with **HP ALM** for test case management, test execution, defect tracking, and maintaining test documentation.
- Collaborated with developers, business analysts, and other team members to analyze and resolve defects.
- Participated in requirement discussions, team meetings, and defect triage activities throughout the software development lifecycle.
- Maintained testing documentation and provided regular updates on testing progress, defects, and release readiness
- Gained foundational knowledge of **automation test scripting, test execution, and automation concepts** using Selenium and UFT.
- Gained exposure to testing applications across **Healthcare, Banking, and E-commerce domains**, adapting testing approaches to different business requirements.

## CERTIFICATIONS

**Introduction to CyberSecurity**

**Mode of learning:** Online

LiuantX, powered by Liuantum, 08/09/2026
### Data Science Course(6months)

Write hereScored 87.37%(A grade) the description...

**Mode of learning:** Online

## SKILLS

Python (computer programming) | Experience in automation testing tools such as Selenium, BDD, Cucumber, TestNG, WebDriver, Maven. | SQL Server | Oracle Relational Database | ticketing tools (ServiceNow, ServiceManagement) | Atlassian tools (Jira, Confluence, Bitbucket) | Version Control (Git) | Experienced in using JMeter tool for load testing

## PROJECTS

### NYC Taxi Records – Exploratory Data Analysis

Analyzed NYC taxi trip data using Python and Pandas to identify trends in trip duration, fares, distances, and passenger patterns through data visualization.

## EDUCATION AND TRAINING

01/06/2012 – 10/05/2015 India
**BCA** Amrita School of Arts and Sciences

**Field of study** Information and Communication Technologies

01/09/2021 – 12/12/2022
**MS IN SCM** Anglia Ruskin Univeristy

**Field of study** Business, administration and law

## LANGUAGE SKILLS

Mother tongue(s): **MALAYALAM**

Other language(s): **ENGLISH** | **MALAYALAM** | **TAMIL**
